### **Florida SouthWestern State College**

Front desk

**Naples, FL**

May 2020 – July 2021

- Help students and parents find classes and classrooms.
- Provide excellent customer service by making appointments for students with an advisor.
- Help with basics tech problems.

## **ACADEMIC PROJECTS**

### **My Site Design Project (CSS, HTML)**

Fall 2022

- A website that talks about me, what I like and the progress on the journey of learning programming.

### **Fighting Game (JavaScript, CSS, HTML)**

Spring 2022

- A simulation of the game “Street Fighter” designed to have the kid of the same features, but it doesn’t include all the movements or the same characters. Instead, it is simple and enjoyable.

### **Boombox Website (React Native)**

Fall 2024

- I was given a small internship where I was given the opportunity to be able to work in a team and build a website and application called Boombox. Its use is for people to connect through music.

### **Contact App (React Native)**

Spring 2025

- A simulation of a contact app, designed to add contact information such as name and phone number. Currently working on it, adjusting to make it look better and giving it more features.
